CITIZEN REMARKS: One (5) minute time limit per person

Motion: Councilman Mitchell made a motion to open Citizen Remarks. Seconded by Councilman McHale. The motion passed with a voice vote.

Joe Wynman- asked about the governing body's position on keeping or disbanding the Rescue Squad and requested a copy of the oath of office that each member of the governing body took. He noted there are no designations on the front doors of a DPW truck which he thinks are required by state law. He asked for a copy of the Fire Department, Police Department and DPW bylaws so they can align it with the Senior Citizens Club. He inquired if the investigation that led to two police officers attending a past council meeting has been concluded and if the results can be shared.

Rebecca Foster-is disappointed in the accessibility of council meetings as the town spent \$70,000 on A/V equipment and citizens can watch the meetings but cannot participate remotely. The equipment failed during the second half of the September 4, 2025 council meeting and she is concerned about meeting minutes being produced from poor recordings. She was unhappy that the Rescue Squad liaison did not tell the Rescue Squad that the Audit Committee Report would call for Squad to be merged or absorbed. She will stream future council meeting on Facebook Live for transparency.

Motion: Council President Kohles made a motion to close Citizen Remarks. Seconded by Councilman Mitchell. The motion passed with a voice vote.

COUNCIL RESPONSE TO CITIZENS REMARKS

Councilman Hordern- no action has been taken on the Audit Committee Report or the Rescue Squad. He shared that in most towns the heads of police, fire, and DPW have unmarked vehicle.

Mayor Fede- directed the Borough Clerk to provide copies of the Oaths of Office to Mr. Wynman. The DPW and Police Dept do not have bylaws, which are set by ordinance. The Fire Department, Rescue Squad, and Borough Council have bylaws. She said there is disagreement about whether the DPW truck should be lettered. She thinks it should be, but it is up to the Borough Administrator.

Borough Administrator O'Malley - will provide a copy of Fire Department and Rescue Squad bylaws to Mr. Wynman. The police investigation is ongoing. The webinar format works well and the connection is good, it is A/V system that is malfunctioning. He scheduled a consultation with the vendor, he is frustrated because it cost taxpayer money to install the system and it should enable people to watch from home. The Council does not want to throw money at the problem and wants to be frugal in fixing it. A service agreement with the company would cost \$6,000. He is in the process of ordering a microphone for the system to improve the sound quality. He complained to the company and they are having a tech come out to diagnose the problem for free in the meantime.

Borough Clerk Flores-Bolivard- the minutes are supposed to record the actions of the meeting, not every conversation that occurs. She includes the discussion in the minutes as a courtesy so people can refer to it. She records the meetings and takes notes about the actions taken to ensure the minutes are accurate.

Borough Administrator O'Malley - the high school has a similar system to the Borough, and the Board of Education helped with the fiber upgrade. When an update is done, like for the webinar, sometimes other things stop working correctly. The Borough's IT does not specialize in A/V meetings, the Borough has had to use outside sources for the technology. He is trying to bring it all together; he is hopeful that the situation will improve soon. He will push harder to fix it and the Borough may wind up paying extra to have it fixed.

Councilwoman Vergara- nothing has been done with the Audit Committee it was reviewed during the council meeting and no further action has been taken.

INTRODUCTION OF ORDINANCES

1644 Ordinance Amending Ch. 9 of the Bogota Code, Entitled "Building and Housing" – Cranes

Motion: Councilman Mitchell made a motion to introduce Ordinance 1644. Seconded by Councilman McHale. All Councilmembers present voted yes.

PUBLIC HEARING AND ADOPTION OF ORDINANCE

1642- Ordinance Amending Chapter 7A of the Bogota Code, entitled "Traffic Schedules"-
Parking Prohibited-One Way Streets

Motion: Councilman Mitchell made a motion to open the public hearing on Ordinance 1642. Seconded by Councilman Hordern. The motion passed with a voice vote.

Borough Attorney Betesh- explained that the purpose of the ordinance is to change the traffic flow around schools to facilitate drop off and pick up of students.

Joe Wynman- asked for clarification of which streets are being changed to one way and if there are any time restrictions.

Mayor Fede- indicated there are no time restrictions for the one way.

Councilman Hordern- provided information about the traffic flow and the streets that are being changed to one-ways. He said that not having a time limit makes sense as some cars are parked there before any time restrictions would be in effect, causing confusion.

Councilman McHale- mentioned that Fairview Ave should also be turned into a one-way street

Borough Administrator O'Malley- explained which streets are being turned into one-way streets and that the streets were chosen with input from the Police Department.

Motion: Council Hordern made a motion to close the public hearing on Ordinance 1642. Seconded by Councilwoman Vergara. The motion passed with a voice vote.

Motion: Councilman Hordern made a motion to adopt Ordinance 1642. Seconded by Councilman McHale. All Councilmembers present voted yes.

1643- Ordinance Amending Chapter 9 of the Bogota Code, entitled “Building and Housing”- Sidewalk Easement Maintenance

Borough Attorney Betesh- the ordinance was recommended by the Property Maintenance Department; it was discovered that the Borough had no regulations for the space between the sidewalk and street. The ordinance is to have uniformity for that area and prohibit new asphalt or slate for that area. The area should be grass. There was a suggestion to also include wording in the ordinance that grass does not mean bushes or ornamental plants.

Motion: Councilman Hordern made a motion to open the public hearing on Ordinance 1643. Seconded by Councilman McHale. The motion passed with a voice vote.

Councilmember Hordern - asked if everything existing now will be grandfathered in.

Borough Attorney Betesh- said that if you have a sidewalk there it will not have to be removed because it is your sidewalk, if there is asphalt is there it will have to be taken out and replaced.

Councilman Hordern- recalled that at the last meeting when the ordinance was discussed the outcome was that would people who have something there already would be grandfathered in. He has a neighbor whose whole front yard is concrete, there is no grass at all.

Borough Administrator O'Malley- clarified that the Borough does not plan to aggressively enforce the ordinance, it will be used when street and sidewalk work is being done. Asphalt there at that time will be removed and the owner will have to put grass. If it is well maintained it won't be an issue. The Borough is spending money to fix sidewalks and people are planting things that could continue to push up the sidewalk and cause more problems.

The Council- discussed how the grandfathering for existing properties would work and how it should be included in the ordinance.

Councilman Hordern- - asked to reiterate the part about it being part of your sidewalk.

Borough Attorney Betesh- the ordinance allows pavers, slate, and concrete between the sidewalk and the curb, if it is the same material as the sidewalk and functions as a continuation of the sidewalk

Motion: Council President Kohles made a motion to close the public hearing on Ordinance 1643. Seconded by Councilman Hordern. The motion passed with a voice vote.

Motion: Councilman McHale made a motion to table Ordinance 1643. Seconded by Councilman Mitchell.

Motion: Councilman McHale made a motion to rescind the motion to table Ordinance 1643. Seconded by Councilman Mitchell.

Motion: Councilman Mitchell made a motion to adopt Ordinance 1643. Seconded by Vergara. All Councilmembers present voted no.

Borough Clerk Flores-Bolivard- declared that Ordinance 1643 was not adopted and that action may be taken at the next council meeting.

Rebecca Foster- praised the Borough Clerk and Borough Administrator for their minutes. She was focusing on tone and reactions which cannot be put on paper but would be evident on a recording of the meeting. It is important to capture the audio of meetings, otherwise a lot is missed that people who were not present should be able to hear and understand.

Lou Destafano -asked about the Halloween road closure and which roads would be closed.

Det La Ferrera- noted that he was there as a union member to know what is going on in town, no one in town requested that police be present at the council meeting.

Motion: Councilman McHale made a motion to close 2nd Citizen remarks. Seconded by Councilwoman Vergara. The motion passed with a voice vote.

COUNCIL RESPONSE TO 2nd CITIZEN REMARKS

Mayor Fede- clarified that a bridge will not be closed for Halloween. Larch Ave to the Teaneck border will be closed for Halloween activities. She said that the reason the police are present was previously answered.

Borough Administrator O'Malley- said that the police matter is still ongoing and he cannot discuss it.

REPORTS

Mayor Fede- attended the 200 Club Dinner, where Sgt. Rivera and Sgt. Lucciano were given a Valor Award for the apprehension of a person who was suspected of murder. She has the Webex app on her phone and she gets a message when someone calls her or leaves a voice message. She is receiving a lot of random messages from people who are looking for someone to talk to at the Borough. She encourages everyone to download and use the app to respond to residents. She thanked the Decoration Committee; she was pleased to see the ribbons on the cornstalks around town. The FOP is selling Halloween t-shirts to fund the Youth Academy. The Creative Arts Team had their art swap, it was a new idea and more people would have participated if the weather was better. The fall garden clean up went well. She has bulbs and pumpkin seeds for the Girl Scouts for a future project when the weather cooperates. She attended the Anderson Bridge meeting; the design phase will last through the end of 2027. They are going to take up the bridge which requires an environmental impact study, they originally had planned to only repair the bridge.

Council President Kohles- Bogota High School is having homecoming activities the weekend of October 24th including a bonfire, the trade school ribbon cutting, high school tours, a soccer game, and a football game with fireworks. The 101 Pub will be having a beer garden on October 25th and there will be a 5k run on October 26th.

Councilmember Hordern- the tables for the senior citizens have not arrived yet. Recreation flag football is halfway through the season so far. Baseball registration starts on November 1st and basketball registration ends October 31st. Competition cheering had 27 girls sign up which will be split into three teams. On Saturday the Fall Festival will be from 10am-2pm with pumpkins and organizations tabling at the event. The Bogota Library hired a part-time employee to replace someone that is retiring. The Teaneck Library is re-opening, the part time employee who was assigned from the Teaneck Library when it was closed is being reassigned back to Teaneck.

Councilmember McHale- last month the Property Maintenance Department sent a letter to the 7-11 about putting up bollards near the NJ Transit bus shelter. They will be put up by the end of the month. He received complaints from residents about trains idling behind their houses, he referred it to Property Maintenance who contacted CSX. There are four trash receptacles by the railroad at West Shore Ave and the DPW empties the cans and cleans every Friday. The Police Department had nine arrests and 476 total summonses. Of the summonses, 104 were for moving/equipment violations, radar was 14, parking was 112, ordinance was 287, and there were no warnings. There was 1,637 total calls for service. As of today, the Borough has only had to use a police officer once to fill a crossing guard post. He plans to go with the police and observe the traffic on Palisade Ave. He attended two Zoom meetings which will be reported on by other council members.

Councilmember Mitchell- it has been quiet; there has not been a Planning and Zoning Board meeting in three months. There is a hazardous waste collection day at Bergen Community College on Saturday, they accept items like paint, propane, and other liquids. Entering Bogota from Hackensack via the Main Street bridge it looks beautiful with the new field. Coming from the Court Street Bridge it looks horrible, there is a gray building with lots of weeds, which is an eyesore. He would like Fairview to be a one-way street; it has bad traffic conditions. He recommended another spotlight for Borough Hall.

Councilmember Vergara- the Environment Committee had a good meeting with the Police Department, Recreation Center, and the administration. They brought in EZ-Ride to give a presentation about a month ago, which provides free programs to the town based on government grants they get. They are going to be asking EZ-Ride to present to the seniors about safety and will set them up with the Board of Education for presentations about traffic and e-bike safety for parents and students. The Rescue Squad members continue to be concerned about the audit findings, there is no other update.

Administrator O'Malley- the Olsen Park improvement project, funded by Bergen County Open Space Grant Program, had advanced through the Green Acres, NJDEP, and Bergen County Soil permitting process. It was more cost efficient to bundle piecemeal improvements into one project: new lights, three new pickleball courts, a new basketball court, and a new tennis court. Old electrical equipment will be replaced and unused utility poles will be removed. An EV car charger will be installed. He will be pursuing grant money for a third phase to replace the field, by 2027 the entire footprint of Olsen Park should be brand new for the residents to enjoy. The Recreation Center is coming along and significant progress is being made. He is working with Councilman McHale, the Traffic Bureau, and Code Enforcement to improve signs around town.

The Borough is working with property owners to eliminate obstructions to visibility at intersections like illegal fences and overgrown vegetation. The will be signage and traffic safety signs. He is partnering with Councilman McHale to upgrade the 'Welcome to Bogota' signage when you enter the town. The Larch Ave paving project was completed last week, there will be a walkthrough next week. The end of Larch Ave was not striped down the middle in an effort to avoid urbanizing back roads, as there is no need to separate traffic. Elm Ave and a piece of Linden Ave should be finished this week, with finishing in November.

He had a meeting with the Councilmembers Vergara and McHale, the grant writer, and the engineering team to review the application for the Bergen County Community Development Block Grant. They are looking to continue to updating the area around Fairview Ave, including Fischer, Dunn, and Cypress Aves. The issues around Fairview Ave are evaporating which means that the way the problems there are being tackled is working. He will be going with Councilman McHale to review the road program for next year; he welcomes suggestions from the public for roads to work on next year. He will speak to the engineers about the timing of upcoming tree planting. North Ave will be completely resurfaced at no cost to the Borough, it is being taken care of by Ridgefield Park and he is thankful for their assistance. He will speak to staff about the tree lighting being on the same night as a council meeting, he may look to adjust the meeting time. He has visited River Rd and Kramer Ct a few times with the county and with the DPW to respond to the flooding reported there. He does not allow utilities to open up the roads for underground repair work if a road was recently repaved, the only exception is for emergencies. He is working with the Borough Attorney to update the road opening ordinance to require utilities to repave the road curb to curb, instead of curb to centerline, which is what the ordinance says now.

Borough Attorney Betesh- At the next meeting, the sidewalk ordinance will be reintroduced, an ordinance updating the filming fees will be introduced, and one requested by DEP to make changes to the existing stormwater management ordinance. He will look at the road opening permit ordinance with the Borough Administrator to make the process better. The resolution approving fireworks display was adopted; it was time sensitive and quite a process to plan for the event. He will speak with the Borough Administrator about the CSX issues. There are some limited regulations that can hold them accountable, since a New Jersey Supreme Court case upheld some of Ridgefield Park's ordinances dealing with CSX.

Borough Clerk Flores-Bolivard- attended the Clerk's Association Meeting and discussed the changes to the election process. There will be an occasional rotating police presence at election sites and the police will escort the election materials at the end of the night. The reservations for the conference in Atlantic City have been finalized. The amount of OPRA requests have increased significant in the past few months. Towing applications are currently being received in the Clerk's Office, so far two have arrived. The next council meeting is on November 6th, there is only one meeting in November. There are two polling locations open this election, the Bixby School and the High School, since there is no Recreation Center. There will be a notice on the website and the change will be communicated to residents.

To the extent that repairs, alterations or additions are made during restoration of such equipment, such repairs, alterations or additions shall comply with all applicable codes.
