INTRODUCTION OF ORDINANCE NO. 1603

PRIVATELY-OWNED SALT STORAGE

AN ORDINANCE AMENDING CHAPTER 22 OF THE BOGOTA CODE, ENTITLED “STORMWATER MANAGEMENT”

WHEREAS, Borough of Bogota is a participant of the Municipal Stormwater Management Program, established by the New Jersey Department of Environmental Protection (“NJDEP”); and,

WHEREAS, the NJDEP has required that all participants in the program adopt an ordinance that regulates the storage of privately-owned salt; and,

WHEREAS, Chapter 22 of the Bogota Code sets forth the codes and regulations for stormwater management within the Borough of Bogota; and,

WHEREAS, for the Borough to remain compliant with the Municipal Stormwater Management Program, it must adopt the aforementioned ordinance by no later than December 31, 2023; and,

WHEREAS, the Mayor and Council wish to amend Chapter 22 of the Bogota Code to implement the ordinance required by the NJDEP, so as to remain in compliance with the Municipal Stormwater Management Program.

NOW, THEREFORE, BE IT ORDAINED by the Mayor and Council of the Borough of Bogota, that a new Section 10 be added to Chapter 22 of the Bogota Code, entitled “Privately Owned Salt Storage, and shall read as follows:

SECTION 1: ESTABLISHMENT OF A NEW SECTION 22-10.1, ENTITLED “PURPOSE”.

A new Section 22-10.1 is hereby established, which shall read as follows:

SECTION I. Purpose:

The purpose of this ordinance is to prevent stored salt and other solid de-icing materials from being exposed to stormwater.

This ordinance establishes requirements for the storage of salt and other solid de-icing materials on properties not owned or operated by the municipality (privately-owned), including residences, in the Borough of Bogota, to protect the environment, public health, safety and welfare, and to prescribe penalties for failure to comply.

SECTION 2: ESTABLISHMENT OF A NEW SECTION 22-10.2, ENTITLED “DEFINITIONS”.

A new Section 22-10.2 is hereby established, which shall read as follows:

SECTION II. Definitions:

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates a different meaning. When consistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word “shall” is always mandatory and not merely directory.

- A. “De-icing materials” means any granular or solid material such as melting salt or any other granular solid that assists in the melting of snow.
- B. “Impervious surface” means a surface that has been covered with a layer of material so that it is highly resistant to infiltration by water.
- C. “Storm drain inlet” means the point of entry into the storm sewer system.
- D. “Permanent structure” means a permanent building or permanent structure that is anchored to a permanent foundation with an impermeable floor, and that is completely roofed and walled (new structures require a door or other means of sealing the access way from wind driven rainfall).

A fabric frame structure is a permanent structure if it meets the following specifications:

- 1. Concrete blocks, jersey barriers or other similar material shall be placed around the interior of the structure to protect the side walls during loading and unloading of de-icing materials;
 - 2. The design shall prevent stormwater run-on and run through, and the fabric cannot leak;
 - 3. The structure shall be erected on an impermeable slab;
 - 4. The structure cannot be open sided; and
 - 5. The structure shall have a roll up door or other means of sealing the access way from wind driven rainfall.
- E. “Person” means any individual, corporation, company, partnership, firm, association, or political subdivision of this State subject to municipal jurisdiction.
 - F. “Resident” means a person who resides on a residential property where de-icing material is stored.

SECTION 3: ESTABLISHMENT OF A NEW SECTION 22-10.3, ENTITLED “DEICING MATERIAL STORAGE REQUIREMENTS”.

A new Section 22-10.3 is hereby established, which shall read as follows:

SECTION III. Deicing Material Storage Requirements:

A. Temporary outdoor storage of de-icing materials in accordance with the requirements below is allowed between October 15th and April 15th:

1. Loose materials shall be placed on a flat, impervious surface in a manner that prevents stormwater run-through;
2. Loose materials shall be placed at least 50 feet from surface water bodies, storm drain inlets, ditches and/or other stormwater conveyance channels;
3. Loose materials shall be maintained in a cone-shaped storage pile. If loading or unloading activities alter the cone-shape during daily activities, tracked materials shall be swept back into the storage pile, and the storage pile shall be reshaped into a cone after use;
4. Loose materials shall be covered as follows:
 - a. The cover shall be waterproof, impermeable, and flexible;
 - b. The cover shall extend to the base of the pile(s);
 - c. The cover shall be free from holes or tears;
 - d. The cover shall be secured and weighed down around the perimeter to prevent removal by wind; and
 - e. Weight shall be placed on the cover(s) in such a way that minimizes the potential of exposure as materials shift and runoff flows down to the base of the pile.
 - (1) Sandbags lashed together with rope or cable and placed uniformly over the flexible cover, or poly-cord nets provide a suitable method. Items that can potentially hold water (e.g., old tires) shall not be used;
5. Containers must be sealed when not in use; and
6. The site shall be free of all de-icing materials between April 16th and October 14th.

- B. De-icing materials should be stored in a permanent structure if a suitable storage structure is available. For storage of loose de-icing materials in a permanent structure, such storage may be permanent, and thus not restricted to October 15 -April 15.
- C. The property owner, or owner of the de-icing materials if different, shall designate a person(s) responsible for operations at the site where these materials are stored outdoors, and who shall document that weekly inspections are conducted to ensure that the conditions of this ordinance are met. Inspection records shall be kept on site and made available to the municipality upon request.
 - 1. Residents who operate businesses from their homes that utilize de-icing materials are required to perform weekly inspections.

SECTION 4: ESTABLISHMENT OF A NEW SECTION 22-10.4, ENTITLED “EXEMPTIONS”.

A new Section 22-10.4 is hereby established, which shall read as follows:

SECTION IV. Exemptions:

Residents may store de-icing materials outside in a solid-walled, closed container that prevents precipitation from entering and exiting the container, and which prevents the de-icing materials from leaking or spilling out. Under these circumstances, weekly inspections are not necessary, but repair or replacement of damaged or inadequate containers shall occur within 2 weeks.

If containerized (in bags or buckets) de-icing materials are stored within a permanent structure, they are not subject to the storage and inspection requirements in Section III above. Piles of de-icing materials are not exempt, even if stored in a permanent structure.

This ordinance does not apply to facilities where the stormwater discharges from de-icing material storage activities are regulated under another NJPDES permit.

SECTION 5: ESTABLISHMENT OF A NEW SECTION 22-10.5, ENTITLED “ENFORCEMENT”.

A new Section 22-10.5 is hereby established, which shall read as follows:

SECTION V. Enforcement:

SECTION VI. Violations and Penalties:

Any person(s) who is found to be in violation of the provisions of this ordinance shall have 72 hours to complete corrective action. Repeat violations and/or failure to complete corrective action shall result in a fine not to exceed one thousand (\$1,000.00) dollars.

SECTION 7: ESTABLISHMENT OF A NEW SECTION 22-10.2, ENTITLED “SEVERABILITY”.

A new Section 22-10.7 is hereby established, which shall read as follows:

SECTION VII. Severability:

Each section, subsection, sentence, clause, and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause, and phrase, and finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause or reason shall not affect any other portion of this Ordinance.

SECTION 8: ESTABLISHMENT OF A NEW SECTION 22-10.8, ENTITLED “EFFECTIVE DATE”.

A new Section 22-10.8 is hereby established, which shall read as follows:

SECTION VIII. Effective Date:

1 Introduction

A. BASIS FOR THE PLAN

This Redevelopment Plan has been prepared for several properties located between River Road and the Hackensack River at the south end of the Borough of Bogota in Bergen County, New Jersey (the “Redevelopment Area”). The Redevelopment Area is located in the southwestern portion of Bogota generally between the west side of River Road and east of the Hackensack River, and includes properties on both sides of the New York Susquehanna and Western Railroad right-of-way.

In 2019, Bogota’s Mayor and Council (i.e. governing body) adopted a resolution which determined that the Redevelopment Area qualified as a non-condemnation “area in need of redevelopment” in accordance with the criteria specified in the New Jersey Local Redevelopment and Housing Law (LRHL) at N.J.S.A. 40A:12A-1 *et seq.* The LRHL permits a municipality to prepare a redevelopment plan for an area in need of redevelopment. This Redevelopment Plan establishes the development regulations and other standards that will guide the redevelopment of this Redevelopment Area.

B. PURPOSE/VISION

This Redevelopment Plan sets forth standards for the construction of buildings and other improvements in the Redevelopment Area. The Redevelopment Plan is intended to promote redevelopment of properties in the Redevelopment Area with appropriate nonresidential land uses that support the Borough’s planning and economic development objectives.

C. NOTES ON PLAN TERMINOLOGY

Throughout this Redevelopment Plan, a conscious distinction is made in the regulations between “shall” and “should.”

- “Shall” means that a redeveloper is required to comply with the specific regulation, without any deviations, other than those deviations that may be permitted by the Planning Board, as hereinafter provided.
- “Should” means that a redeveloper is encouraged to comply but is not required to do so.

D. DEFINITIONS

The definitions set forth in the Land Use Regulations Ordinance of the Borough of Bogota shall apply to this Redevelopment Plan.

As used in this Redevelopment Plan, the following terms shall have the meanings indicated:

“Craft Distillery” shall mean a distillery operating with a craft distillery license as defined and regulated within N.J.S.A. 33:1-10.

“Hotel” shall mean a building kept, used, maintained, advertised or held out to be a place where sleeping accommodations, eating facilities, conference and/or meeting rooms, recreational facilities and a central lobby with room service availability are maintained for rental to guests, in which 50 or more rooms on the premises are rented, with or without meals, for the accommodation of such guests.

“Impervious Coverage” shall mean the area of the lot covered by structures and paved surfaces.

“Mayor and Council” shall mean the governing body of the Borough of Bogota.

“Microbrewery” shall mean a brewery operating with a limited brewery license as defined and regulated within N.J.S.A. 33:1-10.

“Planning Board” shall mean the Borough of Bogota Planning/Zoning Board.

“Self-Storage Facility” shall mean a building or group of buildings containing separate, individual, and private storage spaces of varying sizes available for lease or rent for varying periods of time.

“Winery” shall mean a salesroom operated by the holder of a plenary winery license as defined and regulated within N.J.S.A. 33:1-10.

“Zoning Ordinance” shall mean the Borough of Bogota Land Development Ordinance, Chapter XXIA of the Revised General Ordinances of the Borough of Bogota.

Except as otherwise provided herein, words not defined above that appear in this Redevelopment Plan shall be interpreted in accordance with the definitions in the Borough of Bogota Zoning Ordinance as set forth in Section 21A-2: “Definitions and Construction of Terms.” If a term used in this Redevelopment Plan is not defined in the Zoning Ordinance, the definition in the Municipal Land Use Law or the Local Redevelopment and Housing Law shall apply.

2 Context

The Redevelopment Area consists of multiple properties located within the southwestern portion of the Borough of Bogota generally between the west side of River Road and east of the Hackensack River. The Redevelopment Area is also located on both sides of the New York Susquehanna and Western Railroad (NYS&W RR) right-of-way. The Redevelopment Area comprises ±16.42 acres and is made up of eight tax lots and related riparian lots on two Borough tax blocks.

More specifically, the Redevelopment Area is comprised of tax blocks and lots designated on the Borough's Tax Map as Block 112, Lots 1 and 2; and Block 113, Lots 3, 4, 5, 6, 7 and 8. Lots in Block 113 are west of the New York Susquehanna and Western Railroad right-of-way while the lots in Block 112 are immediately east of the railroad right-of-way. Additionally, riparian lots abutting the above lots are also included as part of the Redevelopment Area. These riparian lots include Block 113, Lots 2.01, 4.01, 5.01, 5.02, 6.01, 7.01, 7.02, 7.03, 8.01 and 8.02. It is important to note that there are no tax or ownership records pertaining to these lots, however, they are nonetheless considered municipal parcels.

The locational context of the Redevelopment Area within the Borough of Bogota is shown on **Figure 1**. **Figure 2** shows the boundaries of the Redevelopment Area and the included parcels. **Figure 3** shows the Redevelopment Area depicted in an aerial photograph.

The Redevelopment Area is currently developed with multiple buildings and related improvements, which vary in condition from good to poor, as well as some vacant land. Existing land uses include industrial, retail and commercial recreation. There are vacant buildings in the Redevelopment Area as well.

3 Goals of the Redevelopment Plan and Relationship to Local Objectives

A. REDEVELOPMENT PLAN GOALS AND OBJECTIVES

The specific goals and objectives of the Redevelopment Plan are as follows:

- 1) Provide regulations for the appropriate redevelopment of properties in the Redevelopment Area with nonresidential land uses that support Bogota’s planning and economic development objectives.
- 2) Encourage building and site design that is aesthetically attractive and incorporates sustainability measures.
- 3) Provide adequate parking, loading and access for uses in the Redevelopment Area.
- 4) Provide access to the Hackensack River waterfront.

B. RELATIONSHIP TO MASTER PLAN

The Borough of Bogota’s current Master Plan was adopted by the Bogota Planning Board in 2005, and a Master Plan Reexamination was adopted in February 2015 (the “2015 Reexamination”). The 2015 Reexamination provides recommendations for various areas within the Borough. A number of goals of the 2015 Reexamination are relevant to this Redevelopment Plan, including the following:

3. Promote the rehabilitation of areas in need of improvement through assistance programs and private efforts, as well as by utilizing the planning tools of the Local Redevelopment and Housing Law where appropriate.
5. Improve the quantity, quality and availability of parks and open space including active and passive recreational facilities, neighborhood parks and environmentally sensitive areas and promote the establishment of a publicly accessible linear greenway park along the Hackensack River, wherever possible.
10. Encourage economic development in downtown Bogota and other areas of the Borough that are capable of accommodating growth and redevelopment.

The 2015 Reexamination does not include specific discussion regarding the Redevelopment Area and vicinity.

C. RELATIONSHIP TO ZONING ORDINANCE

The portion of the Redevelopment Area in Block 113 is located within the PD-1 Planned Residential Development zone and the portion in Block 112 is located in the PD-2 Planned Mixed Development zone. The use and bulk regulations of both the PD-1 and PD-2 zones are generally listed under the PD zone and are not particularly specified for each zone. The PD zones permit a minimum lot size of two acres, maximum building coverage of 40%, maximum lot coverage of 60%, and a maximum building height of 4 stories or 50 feet.

This Redevelopment Plan does not supersede the Zoning Ordinance of the Borough of Bogota, except as specifically set forth in the development regulations for the Redevelopment Area. The Redevelopment Area shall be considered an overlay zoning district known as the SEO South End Redevelopment Plan Overlay zone district. Final adoption of this Redevelopment Plan by the Mayor and Council shall be considered an amendment of the Borough of Bogota Zoning Map.

D. RELATIONSHIP TO LOCAL OBJECTIVES

The Redevelopment Plan sets forth definite local objectives as to appropriate land uses, the development of public electric vehicle charging stations in appropriate locations, and improved traffic and public transportation, public utilities, recreational and community facilities and other public improvements. In particular, the Redevelopment Plan provides proposed locations for public electric vehicle charging infrastructure within the Redevelopment Area in a manner that appropriately connects with an essential public charging network. As no residential uses are permitted by the Redevelopment Plan, it does not address the density of population or set forth requirements for provision of affordable housing.

4 Development Regulations

A. LAND USES

- 1) **Permitted Principal Uses.** In addition to any principal or conditional use permitted in the underlying zone district, the following uses shall be permitted in the South End Overlay Zoning District:

- 4) There shall be no limitations on the hours of operation of any permitted principal uses in the underlying zoning district.

B. BULK REGULATIONS

- 1) The bulk regulations for any principal use permitted in the underlying zone district shall be the applicable bulk regulations for the underlying zone district, except as may be modified as follows:
 - a. Maximum Impervious Coverage: 85%.

- 6) In the event a proposed development is located both within the Borough of Bogota and the Village of Ridgefield Park, minimum yard requirements shall not be applicable to a setback from a lot line that is also a municipal boundary line.

C. OTHER REGULATIONS

- 1) Off-street Parking. The minimum number of off-street parking spaces shall be as required by the Zoning Ordinance of the Borough of Bogota, except as set forth in the table below:

Use	Parking Requirement
Hotel	1.25 spaces per guest room
Microbreweries, craft distilleries and wineries	1 space per 500 square feet of gross floor area
Self-storage facilities	1 per 10,000 square feet of gross floor area, plus 1 space per 250 square feet of gross floor area of office and retail accessory uses. Any loading spaces provided for self-storage shall count as parking spaces.

Retail and service commercial uses	1 space per 250 square feet of gross floor area
Warehousing and distribution*	Less than 60,000 square feet of gross floor area: 1 space per 1,250 square feet of gross floor area; 60,000 square feet of gross floor area or greater: 1 space per 2,500 square feet of gross floor area

~~*Parking for the portion of a warehousing and distribution building used as office space shall be provided in accordance with the office requirement of one space per 250 square feet of gross floor area.~~

- 2) Circulation shall be controlled with landscape islands at the end of parking bays. All landscaping shall be maintained to avoid obstruction of sight triangles. Curbs shall be installed around all parking areas and along driveways.
- 3) Electric vehicle charging stations shall be incorporated throughout the Redevelopment Area, with all developments offering designated spaces an amenity to employees, customers, and visitors when any one of the following occurs: (1) a new building with a new or existing off-street parking facility is developed; (2) an addition or improvement to an existing building is made that increases the size of the principal structure by more than 50 percent; or (3) the parking capacity of an existing building, site, or parking facility is increased by more than 50 percent. The required number of charging stations shall be two percent of the total number of parking spaces on a property, with any fractional spot being rounded up to the nearest whole number.
- 4) A river walk or path shall be provided along the Hackensack River, which shall be accessible to the public at a minimum from dawn to dusk, and improved with a walkway, benches, lighting and landscaping. The minimum width of the walkway shall be 12 feet. Where bulkheading is not present the banks of the river shall be stabilized and planted as permitted by the New Jersey Department of Environmental Protection.
- 5) The regulations of Sections 21A-10.4b and c of the Zoning Ordinance shall not be applicable. The minimum front setback to permit a freestanding sign in Section 21A-13.1.i.1 of the Zoning Ordinance shall be reduced from 50 feet to 10 feet.

5 Plan Consistency Review

A. RELATIONSHIP TO MASTER PLANS OF ADJACENT MUNICIPALITIES

The Redevelopment Plan provides for the redevelopment of previously developed properties in an area already served by infrastructure and transit. The southern boundary of the Redevelopment Area abuts the Village of Ridgefield Park and its I-3 Light Industrial/Commercial Recreation zone district. Ridgefield Park's I-3 zone permits various industrial, office and commercial uses. Therefore, this plan is consistent with the adjacent zoning in Ridgefield Park. The other municipality closest to the Redevelopment Area, the City of Hackensack, is separated from the Redevelopment Area by the Hackensack River and there is no direct road access between the two sides of the river at this location.

Therefore the Redevelopment Plan would not impact the master plan of any municipality adjoining Bogota.

B. RELATIONSHIP TO THE BERGEN COUNTY MASTER PLAN

The Land Use Element of the Bergen County Master Plan has not been updated since 1973. The land use conditions in the County have changed so much since that time that its goals and policies are very much outdated. This Redevelopment Plan does not conflict with the County Master Plan.

C. RELATIONSHIP TO THE STATE DEVELOPMENT AND REDEVELOPMENT PLAN

The New Jersey State Development and Redevelopment Plan (SDRP) was originally adopted in 1992. The purpose of the SDRP according to the State Planning Act at N.J.S.A. 52:18A-200(f) is to:

“Coordinate planning activities and establish Statewide planning objectives in the following areas: land use, housing, economic development, transportation, natural resource conservation, agriculture and farmland retention, recreation, urban and suburban redevelopment, historic preservation, public facilities and services, and intergovernmental coordination.”

A revised version of the plan was adopted by the State Planning Commission in 2001. While required by the State Planning Act to be revised and re-adopted every three years, the SDRP has only been re-adopted once during the 28 years since its original adoption. A new State Strategic Plan (SSP) has been proposed as the revision to the 2001 SDRP but has not been adopted as of late 2020.

This Redevelopment Plan is thoroughly consistent with the SDRP and the draft SSP, as it epitomizes the smart growth principles set forth in both documents. In particular, the Redevelopment Plan promotes the reuse of developed property in an area well served by infrastructure and transit. This Redevelopment Plan therefore furthers the goals, strategies and policies of the SDRP and the proposed SSP.

6 Redevelopment Actions

This Redevelopment Plan provides for several actions in support of the overall Redevelopment Plan goals and objectives, as follows:

A. OUTLINE OF PROPOSED ACTIONS

Construction of new structures and other improvements will take place as proposed in Chapter 4 of this Redevelopment Plan. Infrastructure will be constructed as determined by the Borough's professional consultants for the project. The redeveloper must adhere to the overall parameters for development presented in Chapter 4 of this Redevelopment Plan and is encouraged to otherwise refine the design concepts presented therein in developing a unique and high-quality project proposal. Once a redeveloper is selected, the redeveloper will be required to enter into a Redeveloper's Agreement with the Borough that stipulates the precise nature and extent of the improvements to be made and their timing and phasing as permitted therein.

B. PROPERTIES TO BE ACQUIRED

It is not anticipated that any property acquisition will be required by the Borough of Bogota to complete the redevelopment project. The Redevelopment Area was designated as a "non-condemnation Redevelopment Area" so the Borough would not be able to utilize eminent domain to acquire private property.

C. REDEVELOPER'S AGREEMENT

The Redeveloper shall enter into an agreement with the Borough no later than ninety (90) days of a memorialized Planning Board resolution of final site plan approval. The Redeveloper's Agreement shall be in a mutually agreeable form satisfactory to the Borough Attorney and redeveloper.

D. OTHER ACTIONS

In addition to the new construction actions described above, several other actions may be taken to further the goals of this Plan. These actions may include, but shall not be limited to:

- Demolition of existing structures as necessary to allow for new construction.
- The option to consolidate and/or resubdivide lots to the extent necessary.
- Provisions for public infrastructure necessary to service and support new development.
- Environmental remediation as necessary to effectuate the plan.
- Vacation of public utility easements as may be necessary for redevelopment.

7 General Provisions

A. SITE PLAN AND SUBDIVISION REVIEW

Prior to commencement of construction, a site plan for construction of improvements within the Redevelopment Area, prepared in accordance with the requirements of the Municipal Land Use Law (N.J.S.A. 40:55D-1 et seq.), shall be submitted by the applicant for review and approval by the Bogota Planning Board for any development. Subdivision approval shall also be required for any lot consolidations or mergers.

B. EASEMENTS

No building shall be constructed over a public easement in the Redevelopment Area without prior written approval of the Engineer of the Borough of Bogota.

C. ADVERSE INFLUENCES

No use or reuse shall be permitted which, when conducted under proper and adequate conditions and safeguards, will produce corrosive, toxic or noxious fumes, glare, electromagnetic disturbance, radiation, smoke, cinders, odors, dust or waste, undue noise or vibration, or other objectionable features so as to be detrimental to the public health, safety or general welfare.

D. NON-DISCRIMINATION PROVISIONS

No covenant, agreement, lease, conveyance, or other instrument shall be affected or executed by the Borough of Bogota governing body or by a developer or any of his or her successors or assignees, whereby land within the Redevelopment Area is restricted upon the basis of race, creed, color, ancestry, sex, national origin, family status, disability, or sexual preference in the sale, lease, use or occupancy thereof. Appropriate covenants, running with the land forever, will prohibit such restrictions and shall be included in the disposition instruments. There shall be no restrictions of occupancy or use of any part of the Redevelopment Area on the basis of race, creed, color, ancestry, sex, national origin, family status, disability, or sexual orientation.

E. DURATION OF THE PLAN

The provisions of this Redevelopment Plan specifying the redevelopment of the Redevelopment Area and the requirements and restrictions with respect thereto shall be in effect for a period of not more than thirty (30) years from the date of original adoption by the Mayor and Council.

F. DEVIATION REQUESTS

The Bogota Planning Board may grant deviations from the regulations contained within this Redevelopment Plan where, by reason of exceptional narrowness, shallowness or shape of a specific piece of property, or by reason of exceptional topographic conditions, pre-existing structures or physical features uniquely affecting a specific piece of property, the strict application of any area, yard, bulk or design objective or regulation adopted pursuant to this Redevelopment Plan, would result in peculiar practical difficulties to, or exceptional and undue hardship upon, the developer of such property. The Bogota Planning Board may also grant such relief in an application relating to a specific piece of property where the purposes of this Redevelopment Plan would be advanced by a deviation from the strict requirements of this Plan and the benefits of the deviation would outweigh any detriments. No relief may be granted under the terms of this section unless such deviation or relief can be granted without substantial detriment to the public good and without substantial impairment of the intent and purpose of the Redevelopment Plan. An application for a deviation from the requirements of this Redevelopment Plan shall provide public notice of such application in accord with the requirements of public notice as set forth in N.J.S.A. 40:55D-12a and b.

Notwithstanding the above, any changes to the uses permitted in the Redevelopment Area shall be permitted only by means of an amendment of the Redevelopment Plan by the Borough governing body and only upon a finding that such deviation would be consistent with and the furtherance of the goals and objectives of this Redevelopment Plan.

G. ESCROWS

The redeveloper shall be responsible to post sufficient escrows to cover any and all costs of the professional consultants retained by the Borough of Bogota to review the proposed redevelopment project and advise the Borough on any and all aspects of the redevelopment process.

H. ELECTRIC VEHICLE CHARGING INFRASTRUCTURE

Pursuant to the New Jersey Local Redevelopment and Housing Law (LRHL) at N.J.S.A. 40A:12A-7, the Redevelopment Plan mandates the provision of public electric vehicle charging infrastructure in a manner that appropriately connects with an essential public charging network.
