TITLE XXIX

Nursery Schools — Day Nurseries

ARTICLE 1. License required.

Section 1. No person or persons shall establish or maintain any Nursery School for the care and training of children of pre-school age, without first having obtained a license therefor from the Board covering all the premises intended to be so used. These premises must conform to the Building Zoning Ordinance of the Borough.

Section 2. Every application for a license shall be in writing and it shall contain a full description of the premises and buildings intended to be used for such purpose and satisfactory proof that every person employed thereat is free from communicable disease. A copy of this application shall be submitted to the Fire Department of the Borough.

Section 3. Every license issued under this Article shall state the name, or names, of the licensee, or licensees, location of the licensed premises, and the maximum number of pupils to be cared for at any one time.

Section 4. No license for a Nursery School shall be issued until the Board has been notified in writing that the State of New Jersey Department of Education has approved in detail the training prescribed for said school.

Section 5. A Day Nursery intended for the care of children of pre-school age shall be considered in the same category as a Nursery School, and shall, therefore, be subject to the same regulations as apply to a Nursery School. In addition, a Day Nursery shall be considered in the same category as a Restaurant, if food is being served, and shall be subject to the same regulations as apply to a Restaurant. However, payment of only one license fee would be required for such an establishment.

ARTICLE 2. Regulations.

Section 1. A Nursery School and a Day Nursery shall be subject to the same regulations as "Public Places" referred to in Title XXX of this code.

ARTICLE 3. Exemption.

Section 1. All the provisions of this Article shall apply to a Nursery School or Day Nursery maintained, or operated, by, or in connection with, a Church but the Church shall be exempt from payment of the prescribed license fee only if food is not being served.
